

# MULTI-REGIONAL CLINICAL TRIALS BIOETHICS COLLABORATIVE

## MISSION

As an innovative and neutral forum, the MRCT Center Bioethics Collaborative convenes diverse stakeholders to discuss emerging issues related to the ethical conduct of global clinical research.

Identify challenges through  
multi-stakeholder engagement

Explore strategies and discuss  
considerations

Craft solutions and collaborate  
on deliverables

## SELECTED PRIOR DISCUSSION TOPICS

- Expanded Access to Investigational Medicines
- Early Termination of Clinical Trials
- Diversity in Clinical Research
- Recruitment of and Fair Payment to International Research Participants

## SPONSORS

Genentech, Inc.  
Johnson & Johnson  
Merck & Co., Inc.  
Pfizer, Inc.  
Sanofi  
Takeda Pharmaceuticals U.S.A., Inc.
