

## Rally with Mass General Brigham

### MISSION:

Rally: Connecting Minds, Accelerating Discovery  
*Empowering individuals and communities to shape the future of human health and well-being*

Rally is an online platform that provides innovative tools to connect research volunteers and study teams.

### POPULATION SERVED:

Patients/research volunteers and researchers (currently at Mass General Brigham)

### USE OF THE GLOSSARY:

Rally features the MRCT Center's Clinical Research Glossary as part of their research volunteer education center.

The screenshot shows the 'Clinical Research Glossary' page on the Mass General Brigham website. At the top, there is a navigation bar with the Mass General Brigham logo, a search bar with the text 'Find a project on Rally', and language/region selectors for 'HP' and 'EN'. Below the navigation bar, there are two links: '← Previous: Learn Your Rights as a Research Participant' and 'Next: Learn about Research at Mass General Brigham →'. The main content area features the title 'Clinical Research Glossary' with a list of alphabetical links: 'A - B - C - D - E - F - G - H - I - J - K - L - M - N - O - P - Q - R - S - T - U - V - W - X - Z'. Below this, there is a blue banner with the MRCT logo and text: 'MULTI-REGIONAL CLINICAL TRIALS', 'THE MRCT CENTER OF BRIGHAM AND WOMEN'S HOSPITAL and HARVARD', and 'Developed by the Multi Regional Clinical Trials (MRCT) Center of Brigham and Women's Hospital and Harvard. Click on any term to learn more about it on the MRCT Center website.' The glossary entries shown are: 'A', 'additive effect' (The combined effect when two or more things are used together.), 'adherence' (Following the study directions and requirements.), and 'adverse event'.
